PROFILE

<https://mayankdevil.github.io/MayankDevil>

Front-End Developer with hands-on experience in building responsive and user-friendly web applications. Skilled in React, JavaScript, and modern UI frameworks. Passionate about creating clean, optimized, and accessible designs.

WORK EXPERIENCE

o uEngage Pvt.Ltd

I worked as a Junior Web Developer, where I integrated APIs, contributed to backend development in PHP and MySQL, enhanced workflow efficiency, and fixed bugs to improve overall application performance.

o Techsters Web Pvt. Ltd

I worked as IT Trainer and Web Developer , where I built responsive and interactive web pages usingHTML5, CSS3, JavaScript, PHP, Bootstrap, and jQuery delivering training basic computer skills like and fundamental IT concepts.

PROJECTS

o Lapinoz Pizza

Fixed critical bugs on the checkout page to improve user experience and ensure smooth order processing on. Live : <https://lapinozpizza.in/>

o MamaZ

Worked on the slot-based ordering section, handling backend logic and front- end UI for order scheduling. Live : <https://mamaz.uengage.in>

o Pind Balluchi

Worked on Direct Pay and My Orders sections a enhancing features and fixing bugs for better performance. Live : [https://pindballuchi.uengage.in/](https://pindballuchi.uengage.in)

o GUPT

Ensuring Digital Data Security with Absolute Privacy by password or encryption, a College Final Year Project. Live : <https://mayankdevil.github.io/GUPT/>
